TERMS & CONDITIONS

INTRODUCTION:

Baird Manufacturer Division was established in 1922. Baird products are sold extensively throughout the U.S.A. and exported to many countries which testifies to their price, availability and quality performance.

Baird products are sold through OILFIELD and INDUSTRIAL supply companies and to selected O.E.M.'s.

ASME:

The most misapplied term for Relief Valve terminology is "ASME Approved." The American Society of Mechanical Engineers does not "approve," "rate," or "endorse" any product or construction. Many of our Gas Valves are manufactured in accordance with the requirements of the ASME Boiler and Pressure Vessel Code and BAIRD VALVE and REGULATOR, LLC does hold a "UV" Code Symbol Stamp for Unfired Pressure Vessels with a Certificate of Authorization to apply the "UV" stamp on those valves designated ASME-UV in our catalog.

VALVE DEFINITIONS:

Relief Valve: An automatic pressure relieving device actuated by the static pressure up-stream of the valve which opens in proportion to the increase in pressure over the opening pressure. This type of valve is used for liquid service.

Relief By-Pass Valve: An automatic pressure relieving device actuated by the static pressure up-stream of the valve which opens in proportion to the increase in pressure over the opening pressure, but designed for continuous operation where any part or ALL line capacity may be continuously relieved. This type valve is used for Liquid Relief, Liquid By-Pass service or both.

REPAIR SERVICE:

A complete repair service for all Baird Valves is maintained in our Tulsa, Oklahoma, U.S.A., facility.

ASME-UV Code Valves can be repaired only by the manufacturer or an authorized repair facility holding an ASME VR stamp. Otherwise, when the seal is broken, the valve is no longer a code valve. All code valves must be pre-set and sealed at the factory.

DO NOT pop valves with bottled gas. This may damage Ball and/or Seat causing valve to leak.

DESIGN:

We reserve the right to make changes in design of our products without notice, without incurring any obligation to furnish or install such changes or modifications on products previously or subsequently sold.

WARRANTY:

Baird warrants the products to be delivered hereunder against defects in material and workmanship, under normal use and service when used in accordance with our recommendations, for a period of six (6) months from date of shipment from us. This warranty is not applicable, however, to equipment failure due to improper operational usage, nor is any warranty made with respect to any specific use to which said equipment may be put. Upon receipt in our Tulsa, Oklahoma plant, freight prepaid, Baird agrees to replace or repair, at its option, any product determined to have failed under conditions of the above warranty. Baird assumes no obligation for consequential damages, or for any labor or other expense incurred by reason of any of its material, defective or otherwise. Baird's liability is expressly limited to the warranties herein contained and will not be construed to cover further warranties, express or implied. In case of emergency replacements or repairs before the material is examined by Baird inspection personnel, such material and freight will be invoiced to the customer at current prices. Proper credit will be issued if the material is found to be defective under our warranty.

ACCEPTANCE OF ORDERS:

All orders, whether entered by customer, purchase order, telephone, fax, our salesmen, our agents or their employees, verbally or any other manner, are subject to final acceptance by our Tulsa, Oklahoma, U.S.A. office.

No verbal or purchase order terms and conditions received from customer will take precedence over BAIRD VALVE AND REGULATOR, LLC terms and conditions.

All shipments are F.O.B., Tulsa, Oklahoma, U.S.A. Title passes with delivery of shipment to carrier. This means all sales are made in the State of OKLAHOMA regardless of the destination of any shipment of goods. Therefore, OKLAHOMA laws govern all phases of BAIRD VALVE AND REGULATOR, LLC operations including our SALES and our TERMS AND CONDITIONS and are so reported to the OKLAHOMA TAX COMMISSION.

Baird DOES NOT sell to end users; therefore, customers agree to pay any sales, use, excise, or other taxes direct to the taxing authority on any or all purchases from Baird.

Baird dealers original equipment manufacturers, and all other purchasers and consumers agree to indemnify and hold Baird harmless from and against all liability, loss, cost, damage, and/or expenses caused by, arising from or incidental to any pollution by oil, gas, or any fluid discharge or spillage. Such indemnity and "HOLD HARMLESS AGREEMENTS" shall include but not be limited to action by the United States government, the separate states, or third parties under or applicable federal and state laws and governmental orders, rules and regulations relating to pollution.

QUOTATIONS:

Telephone quotations are for your convenience only, as are quotations from our salesmen and our agents or their employees.

All valid quotations must be in writing from our Tulsa, Oklahoma, U.S.A., office.

Orders for MODIFIED items or items of SPECIAL DESIGN are accepted only after customer approves our written quotation, and such items may not be returned at a later date. Cancellation of orders for MODIFIED or SPECIAL DESIGN items, if accepted by us, will require payment to us of all cost and expenses incurred at time of cancellation.

PRICES:

All prices are subject to change without notice.

Printing errors in our catalog or price list, pricing, extension, or discount errors, if any, on our invoices are subject to correction.

Anything less than a COMPLETE UNIT, including valves, will be invoiced at a price equal to the total price of the separate parts.

There will be a net \$20 "HOT SHOT" charge on all orders requesting special delivery to carriers.

There will be a documentation charge in accordance with requested data on all papers other than standard invoices.

There will be a net \$50 charge on Material Test Reports (MTR).

Minimum invoice is \$25.

PAYMENT TERMS: (DOMESTIC)

1% 20 days, net 30 Days from Date of Invoice. No cash discount is allowed on freight, labor, documentation, special boxing, or any other non-product charges.

Cash Discounts apply only to current invoices of established customers who have no PAST DUE invoices.

No Cash Discount is allowed on any C.O.D. or CASH IN ADVANCE shipments for whatever reason.

All invoices are Payable in U.S. dollars, at par, at our Tulsa, Oklahoma, U.S.A., office.

A finance charge of 1-1/2% per month (18% annually) will be made on all 31 Days and older invoices and is allowed under OKLAHOMA LAW. (SEE PARAGRAPH 3 ABOVE UNDER ACCEPTANCE OF ORDERS.)

EXPORTS:

Request information from BAIRD VALVE AND REGULATOR, LLC. Shipments prepared for export in a WOODEN BOX are subject to an additional charge of 10% of list price of shipment, or \$35, whichever is more.

DELIVERIES:

All shipments are F.O.B., Tulsa, Oklahoma, U.S.A. Title passes with delivery of shipment to carrier; therefore, any claim for loss or damage must be filed with the carrier by the purchaser. We will assist whenever possible with such claims, but cannot be responsible for loss or damage to shipments.

Transportation will be prepaid and allowed on all orders in excess of \$1000.00 with no past due invoices, if shipped from Tulsa, Oklahoma, U.S.A., plant to a single destination within the CONTINENTAL U.S.A., unless negated by agreement or contract.

On all transportation allowed shipments, we reserve the right to route and ship the least expensive way. AIR FREIGHT and other special transportation request charges will always be shipped freight collect.

Claims for shortage due to our shipping errors must be reported to us within twenty (20) calendar days from our date of shipment.

Promises of delivery are given as accurately as conditions will permit and every effort will be made to accomplish shipments on date or dates mentioned; however, Baird will not be liable for any loss or damage for delay or non-delivery due to the acts of civil or military authority, acts of purchaser or by reason of "FORCE MAJEURE" which shall be deemed to mean all other causes whatsoever not reasonably within the control of Baird, including, but not limited to acts of God, war, riot or insurrection, blockages, embargoes, sabotage, epidemics, fires, strikes, lockouts or other industrial disturbances, delays of carriers, and inability to secure materials, labor or manufacturing facilities. Any delay resulting from any of the aforementioned causes may extend shipping dates. Baird shall in no event be liable for any special, indirect or consequential damages arising from delay irrespective of the reason thereof, and receipt by the purchaser shall constitute acceptance of delivery and waiver of any claims due to delay.

RETURN OF MATERIAL:

Permission to return Baird products must be secured in writing from our Tulsa, Oklahoma, office. Submit a list of materials you wish to return and include the following:

- a. Baird invoice number
- b. Date of purchase
- c. Your purchase order number
- d. Destination of original shipment

You will be given an Authorization Number which must be on your return packing list on the outside of the shipping carton.

Verbal requests to return material will not be granted.

No salesman, agent or employee of our agents has authority to authorize or accept the return of material. Any Baird material received without the above procedure will be returned to sender freight collect.

Items that MAY NOT BE RETURNED FOR CREDIT are as follows: Valve bodies only, balls only, reconditioned ball and seat assemblies, special design, modified, obsolete, discontinued, or used items as well as Baird products sold under agreement or contract and any other Baird products over two years old.

ALL RETURNS are subject to COST OF RETURN charge.

Returned material must be in saleable condition upon arrival at our plant. If not, additional charges beyond the restocking charge will be made for machine work, cleaning up and repainting, reboxing, rescanning, or any other work required depending on our inspection and evaluation of credit to be allowed.

Prepay all return shipments to us at 320 N. Boston Ave., Tulsa, Oklahoma 74103. No credit will be allowed for return transportation. No credit will be allowed for material lost in transit, used material, or material received in a "JUNK" condition. All items being returned should be individually wrapped and each shipment properly packed to avoid damage or loss in transit.

ALL CREDIT MEMORANDUMS ARE MERCHANDISE CREDITS AND MUST BE APPLIED AGAINST THE PURCHASE OF BAIRD PRODUCTS. NO DEBIT MEMORANDUM FOR RETURNED MATERIAL WILL BE ACCEPTED.

NO CASH REFUNDS ARE MADE.
