

1" PRESSURE RELIEF VALVE BPR® BACK PRESSURE REGULATOR 715-7150

Medium Pressure ---- Pressure Control ---- Medium Volume

Designed as an inexpensive 1" steel pressure control valve. **May be used as a relief or back pressure valve.** This valve was patterned from our 7100 1" gas valve, but the ball and seat are more durable for more severe liquid service. May also be used for gas.

Body: 1" Carbon Steel or 316SS

Ball & Seat: Sheralloy® (Cobalt Base Alloy) or Stainless

Spring: Coil

Inlet: 1" Male NPT, 3/4" Male NPT, 1" Female NPT, 1/2" Female NPT or 1" Male-1/2" Female NPT

Outlet: 1" Female NPT

Manual Release Lever Also Available On Request
